

# Front-End Developer

Hi! I am Laizel Rodrigues, A first year computer systems engineering student starting out my front-end journey !

[GitHub](#)

## About me

I am a computer systems engineering student who just finished my first year from Middlesex University, Dubai. I have learned HTML, CSS, JavaScript and React so far. My goal is to be able to create websites with different looks and visuals and to make interactive websites.

## Projects

CODEHUB  
CODING ELEVATED

Home About us Contact us Join us

Code Hub - An online learning platform where you can learn various coding languages

This is my project I am proud of, Its not the best but I managed to build it myself and I think I did great as its my first website:)
